

4th International Conference on Intelligent Computing, Information and Control Systems (ICICCS 2022) 29-30, June 2022

Organizing Committee

Chief Patrons

Shri B. Prative Chend
Chief Executive Officer
CARE Group of Institutions

Patrons

Dr. N. Meikandan
Director
CARE Group of Institutions

Dr. S. Shanthi
Principal
CARE College of Engineering

Dr. M. Ramakrishnan
Dean (Student Affairs)
CARE College of Engineering

Dr. D. G. Ramadoss
Dean (Academics)
CARE College of Engineering

Dr. S. Vijayarangan
Advisor
CARE College of Engineering

Conference Chair

Dr. A. Pasumpon Pandian
Professor, Dean (R&D),
CARE College of Engineering,
Trichy, India.

Organizing Co-Chairs

Dr. J. Jeyarani
HoD/ECE, CARE College of
Engineering, Trichy, India.

Dr. J. Suresh
HoD/CSE, CARE College of
Engineering, Trichy, India.

Technical Program Chairs

Dr. A. Pasumpon Pandian, Professor,
CARE College of Engineering, Trichy,
India.

Dr. Ram Palanisamy, The Gerald
Schwartz School of Business, StFX
University, Canada.

Dr. Klimis Ntalianis, Professor,
University of Applied Sciences,
Greece.

Dr. Prof. Tomonobu Senjyu, University
of the Ryukyus, Japan.

Dr. Fuqian Shi, Professor & Head/CSE,
Associate Professor, College of
Information and Engineering, Wenzhou
Medical University, P.R. China.

About the Conference

From past decades, Computational intelligence embraces a number of nature-inspired computational techniques which mainly encompasses fuzzy sets, genetic algorithms, artificial neural networks and hybrid neuro-fuzzy systems to address the computational complexities such as uncertainties, vagueness and stochastic nature of various computational problems practically. At the same time, Intelligent Control systems are emerging as an innovative methodology which is inspired by various computational intelligence process to promote a control over the systems without the use of any mathematical models. To address the effective use of intelligent control in Computational intelligence systems, International Conference on Intelligent Computing, Information and Control Systems (ICICCS 2022) is initiated to encompass the various research works that helps to develop and advance the next-generation intelligent computing and control systems. This book integrates the computational intelligence and intelligent control systems to provide a powerful methodology for a wide range of data analytics issues in industries and societal applications. The recent research advances in computational intelligence and control systems are addressed which provides a very promising results in various industry, business and societal studies. This book has also presented the new algorithms and methodologies for promoting advances in common intelligent computing and control methodologies including evolutionary computation, artificial life, virtual infrastructures, fuzzy logic, artificial immune systems, neural networks and various neuro-hybrid methodologies. This book will be pragmatic for researchers, academicians and students dealing with mathematically intransigent problems.

Registration Fee Details

Author
Indian Participant INR 7500
Foreign Participant USD 110
Listener
Indian Participant INR 5500
Foreign Participant USD 90

Submission Guidelines

Send manuscript through
email:
iccs.conf.org@gmail.com

Keynote Speakers

Dr. Mohammad S. Obaidat
Fellow of IEEE and Fellow
of SCS, Dean and Professor,
College of Computing and
Informatics, University of
Sharjah, UAE.

Dr. Ram Palanisamy
The Gerald Schwartz
School of Business,
StFX University,
Canada.

Dr. R. Kanthavel
Professor, Department of
Computer Engineering,
King Khalid University,
Abha, Kingdom of Saudi
Arabia.

Dr. A. Pasumpon Pandian
Professor, CARE College
of Engineering, Trichy,
India.

Contact

CARE COLLEGE OF
ENGINEERING
Dindigul – Trichy National
Highway, Tiruchirappalli –
620009, Tamil Nadu, India.
Phone: +91 9597324073
Email:
iccs.conf.org@gmail.com

Venue

CARE COLLEGE OF
ENGINEERING, #27,
Thayanur, Dindigul –
Trichy National,
Highway,
Tiruchirappalli –
620009
Tamil Nadu, India.

Call for Papers

Intelligent Computing Technologies

Fog/Edge Computing
Cloud/Mobile Cloud Computing
Internet Services and Applications
Computer Communication Networks
Smart Grid Computing
Artificial Intelligence
Internet of Things as a Service
High Performance Computing
Soft Computing Approaches
Green and Sustainable Computing
Human-Centered Services
Robotics and Autonomous Systems
Machine Learning
Fault-Tolerance, Reliability, and QoS
Social Computing and Networks
Cyber Physical Systems
Autonomic and Secured Computing
Biomedical Computation and
Informatics
Computational Complexity
Knowledge and Data Engineering
Deep Learning and Autonomous
Processing

Intelligent Information and Control Systems

Big Data and Machine Learning
Information Retrieval
Information Modelling and
Requirements Engineering
Web-based Information Systems
Human-Computer Interaction and
Interfaces
Data Sensing, Fusion and Mining
Linear and Nonlinear Control
Robust and Adaptive Control
Robotics and Intelligent Control
Software Agents for Control Systems
Autonomous Control Strategies
Modeling and Control of Complex
Systems
Distributed Control Systems
Intelligent Fault Detection and
Identification
Fuzzy Logic Control
Neural Networks based Control
Systems
Process Control and Optimization
Algorithms
Machine Learning and Control
Applications
Real-time Systems Control

Publication

All registered and presented papers
will be published in Springer -
Advances in Intelligent Systems and
Computing.

Series Ed.: Kacprzyk, Janusz
ISSN: 2194-5357
<https://www.springer.com/series/11156>
